RE: REGULATION TAG TRAINING

Dear Greg:

In 2005, the Utah Legislature passed legislation that gave the State Engineer new authority and responsibility regarding water right violations. In the time since the legislation was passed, we have been developing and starting to implement the Division of Water Rights Enforcement Program. One of the changes taking place as part of this implementation involves the tags that have been used by the commissioners in their regulation efforts.

We are going to hold a training session for water commissioners in the Northern Region to explain the new enforcement program, the regulation tags and how they are to be used, and how the tags relate to our enforcement efforts. The training session is scheduled as follows:

**Tuesday, August 22, 2006 - 10:00 a.m.**  
**Division of Water Rights Northern Regional Office**  
**1780 N Research Parkway (approx 550 East), Ste 104**  
**North Logan, Utah**

This training will be important for you as a water commissioner even if you have not used regulation tags in the past. Please make every effort to attend. Ben Anderson will conduct the training. Ben is an engineer who has been working for a numbers of years in another area of the Division's Distribution Program. If you have any questions prior to the meeting please contact Ben Anderson by phone at (801) 538-7469 or by e-mail at [BenAnderson@utah.gov](mailto:BenAnderson@utah.gov) or me by phone at (801) 538-7380 or by e-mail at [LeeSim@utah.gov](mailto:LeeSim@utah.gov).

Sincerely,

Lee H. Sim, P.E.

Assistant State Engineer for Distribution

cc: Bob Fotheringham, Regional Engineer
